THE CURRENT POLITICAL ENVIRONMENT IN NIGERIA

Join Ayodeji Dawodu, Director of CEMEEA Fixed Income at BancTrust & Co., and Tellimer's Senior Economist, Patrick Curran, for a webinar on the current political environment in Nigeria.

President-elect, Bola Ahmed Tinubu, will be sworn into office on 29 May, as Nigeria finds itself at a crossroads following eight very challenging years under President Buhari. The new administration will inherit a weak economy characterised by slow economy growth, deteriorating oil and gas sector, fiscal constraints, rising insecurity, as well as a question mark around the credibility of the central bank. The key question on the minds of many remains, does the president-elect have the political will to turn around the fortunes of the country?

Ayodeji and Patrick will discuss these topics, followed by a brief Q&A.
